Dear Friend

Thank you for taking an interest in Railworld and the Friends of Railworld.

There are many projects you can get involved with, from engineering work to gardening, you can work front of house welcoming our visitors, behind the scenes building maintaining our model railway or even laying real railway track.

There are many other activities you can get involved with here at Railworld, we welcome all people regardless of your skills.

As the next few years progress, exciting times are in store for Railworld, with the building of a brand new multi million pound exhibition centre, this is to include an operational railway line amongst other attractions, The project draws heavily on volunteer labour and needs your input.

Membership also gives you a quarterly magazine "THE RAILWORLD NEWS" and there are various social events organised just for the volunteers during the year.

Regards

Dave
